

PECKHAM AND NUNHEAD COMMUNITY COUNCIL PROFILE

There were **71,552** residents estimated to be living in the Peckham and Nunhead Community Council area when the latest Census was conducted on 27th March 2011. This profile highlights some of the key information for the area.

- 22% of Peckham and Nunhead residents are under 15 which is the highest proportion in the Borough and above the national average of 19%.
- Peckham and Nunhead has the lowest proportion of White residents (45%) and the highest proportion of Black/African/Caribbean/Black British residents (38%) in Southwark. Its percentage of White residents is 40% lower than in England.
- The majority of residents in Peckham and Nunhead identify as Christian (55%), more than any other area in the Borough although lower than the national average. 10% of residents identify as Muslim which is 5% higher than nationally. The proportion of residents who identify as having no religion (24%) is lower than both the Borough (27%) and national (25%) averages.
- While the percentage of residents living in a whole house or bungalow is significantly lower than in England (34% compared with 77%), this is still 10% higher than the Borough average and 9% fewer residents than the Southwark average live in a flat, maisonette or apartment.
- While the percentage of households that are either owned or shared ownership is in line with the Borough average, this is 33% lower than nationally and a higher proportion is social rented (48%) than both the Borough average (44%) and national average (18%).
- The majority of Peckham and Nunhead residents either have English as their main language (82%) or speak it well (15%), however the proportion that cannot speak English well or at all is higher than both the Borough average of 3% and the national average of 2%.
- Peckham and Nunhead has the highest proportion of benefit claimants in the Borough (17%) and this is above the national average of 14%.
