

CREASY ESTATE - PROJECT GROUP INVITATION

The Council remains committed to working with residents on our program for developing new council homes on Creasy Estate. We sent out a letter and a flyer to you at the beginning of May 2020 regarding this.

Our long term commitment to building 11,000 new council homes means that the programme for delivery of these homes must continue so that there are new homes that will continue to meet the increasing housing need in our borough.

We are setting up a New Homes Project Group (NHPG) for Creasy Estate. The Group will be made up of about nine local people who will work closely with the Council and its consultants to develop the plans for the new homes. The group will meet online during lockdown until face to face meetings can take place safely. We would like you to consider becoming a member of the Project Group.

We need your help to develop a community Brief

The first role of the Project Group will be to help us develop a community brief which will detail what matters most to you about the new homes and improving where you live. The architects will take into account this brief through the design development of the new homes once they are appointed.

If you would like to be involved in developing the community brief and being a Project Group member please let us know.

What is involved in being part of the NHPG?

By being involved you will:

- Have a genuine say in how the scheme will develop
- Influence how the scheme fits in with the existing estate
- Get involved in your local community and meet new people
- Learn about architecture, design and the planning policy process

How will the meetings take place?

For the foreseeable future we are adapting the way we consult to remove unnecessary social contact. We will agree with you the best way to hold the meetings.

How to register my Interest?

Please contact the Project Officer on the details provided below no later than:

26 June 2020
