Statement of reasons

Melbourne Grove permanent road closures

*The London Borough of Southwark (Charged-for parking places) (Melbourne Grove) Order 202**

*The London Borough of Southwark (Free parking places and Waiting restrictions) (Melbourne Grove) Order 202**

*The London Borough of Southwark (Prescribed routes) (Melbourne Grove) Traffic Order 202**

This is a corrected statement for the proposals of **Melbourne Grove permanent road closures** (of which the notice of proposals is being re-advertised on Thursday 15 December 2022 to clarify the exemptions provided for the road closures and how the road closures will be permanently enforced).

The purpose of these Orders are to implement point road closures, and changes to parking within existing Controlled Parking Zone (CPZ) 'ED' and to waiting restrictions as permanent, following review outcomes of experimental measures introduced in the Melbourne Grove area (Goose Green ward), in the London Borough of Southwark.

Proposals include:-

'at any time' motor vehicle restrictions in Melbourne Grove i) 2.5 metres south-west of its junction with Grove Vale, and (ii) 3.5 metres south-east of its junction with Tell Grove which would include exemptions for emergency services vehicles and for vehicles used for road maintenance, refuse collection or cleansing purposes and will be indicated by traffic signs and physically enforced by planters and flexible bollards.

to amend existing and add new parking in CPZ 'ED' in Melbourne Grove south-east side to relocate two existing 'limited stay' disabled persons parking places on further south-west from its junction with Grove Vale, to remove 13 metres of existing 'pay' parking o/s Nos. 1 & 5 (to accommodate the relocation of the disabled persons parking) and convert 7 metres of existing 'pay' to 'shared-use' parking o/s Nos. 5 & 7, on the north-east side o/s Nos. 17 & 19 convert 10 metres of existing 'permit' to 'shared-use' parking, and north-west side introduce 15 metres of new 'pay' parking o/s Nos. 2 to 5 Melbourne Terrace; and in Tell Grove to reduce in length by 2.5 metres per side, existing 'permit' parking east of its junction with Melbourne Grove (59 metres remains on the northern side and 8 metres remains on the southern side).

Note: 'permit' refers to parking places for holders of valid parking permits for CPZ 'ED'; 'shared-use' refers to parking places in which holders of a valid permit for the CPZ 'ED' or 'pay' paid ticket holders are permitted to park within the hours of operation. Parking charges are listed on www.southwark.gov.uk/parking

to amend waiting restrictions in Melbourne Grove and Tell Grove to accommodate the parking changes and point road closures.

These Orders supersede similar provisions at the above location implemented by way of experimental Orders made under section 9 of the 1984 Act (which would be revoked). The trial measures were part of the London Streetspace Programme – Dulwich trials (public notice originally advertised in *the London Gazette* on 20 August 2020¹), additions and modifications to the scheme were advertised in *the London Gazette* on 21 October 2021², of which the overall objectives are to reduce traffic, encourage active travel and support local businesses. The trial road closures in Melbourne Grove will be revoked in full as this is being proposed as new permanent changes to the Highway. Please note, all other parts of the LSP Dulwich trials have previously been revoked and made as new permanent schemes in March 2022.

As part of the Dulwich Streetspace review an extensive public consultation was carried out for a period of 9 weeks. A good response rate was received, area-wide, and provided a good understanding of local opinion regarding the measures. The feedback received from the

consultation has informed the proposals in addition to monitoring results and an equality impact assessment.
