

## **Registered Providers with significant development and housing management role in Southwark**

Paragraph 9.3.11 of the draft Affordable Housing supplementary planning document (SPD) 2011 refers to our lists of registered providers.

The first list identifies registered providers with significant development and housing management role in Southwark. All these registered providers have an established relationship with the council in terms of nomination agreements and a local management presence. In circumstances where applicants are looking for a partner registered provider, we will usually refer the developer to a registered provider on this list.

The second list is a list of registered providers with smaller stock holdings in Southwark and/or providing specialist housing.

Registered providers with a significant development and housing management role in Southwark
