Telephone: 020 7703 3803
Website: <http://pembrokehouse.org.uk/>

Who is this for?

Everyone who lives, works or visits the Old Kent Road and the surrounding area.

What will happen?

Community led discussions about the future of the Old Kent Road, including:

- guest speakers
- community mind mapping
- local history
- improving the appearance of Old Kent Road

What happened last time?

45 community members met at the fascinating Treasure House on a cold winter's evening and shared their views, good and bad, about the area. There was an appreciation of the people, the history, "pockets" of interesting character, and the close proximity to central London. Concern was raised about low quality buildings and the barrier that the traffic on the road creates north to south.
