# Residents' Update

## for Meeting House Lane

Issue #01  
November 2018

---

### Welcome to your first newsletter.

ENGIE is working in partnership with Southwark Council to build new council homes on Meeting House Lane. The project is due to complete in April 2020.

The project involves the demolition of the Acorn Neighbourhood Office at 95a Meeting House Lane, and the construction of 29 flats and a community hall. There will be three wheelchair flats and all flats will be for council rent.

We will regularly issue you newsletters to keep you updated on our progress with the works as well as any upcoming activities on site.

### What's happened so far?

ENGIE have taken possession of site.

### What will be happening next?

We will be erecting the hoarding to the estate-side perimeter of the site and preparing for the subsequent demolition works to the building. We will write to you prior to the start of any major works.

If you have any queries about the works being undertaken, please contact your Resident Liaison Officer (RLO), Amina Mabifa on 07584 114 373 or by using the details overleaf.

## Protect yourself against bogus callers

To help protect you against bogus callers, ENGIE take a number of precautions including the following;

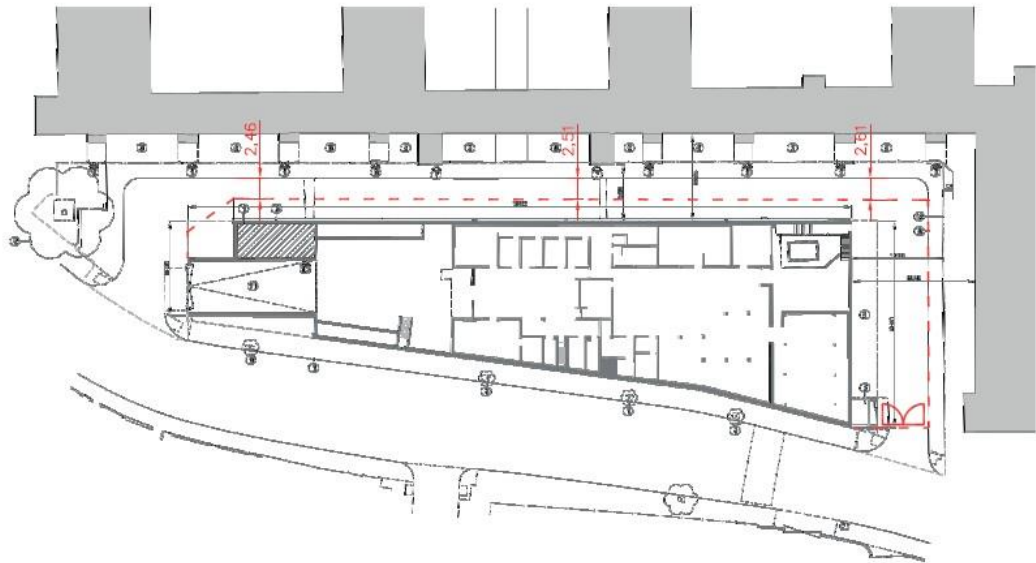

- Genuine operatives will have an official ENGIE ID badge with a full face photo
- Our operatives wear numbered Hi-Vis jackets
- You can contact your RLO if you doubt the identity of any operative is genuine
- ENGIE do not usually work outside the hours of 8am to 5pm from Monday to Friday or work on weekends. If you see an operative on site outside these hours report it to the Police by calling 101.

If someone can't produce an ID card on request, contact us straight away or call the Police on **101**.
