Issue #07  
July 2019

---

### Welcome to your latest newsletter.

ENGIE is working in partnership with Southwark Council to build new council homes at Meeting House Lane. The project is due to complete in April 2020.

#### Works update

We are currently undertaking groundworks for the foundations of the new structure and this includes;

- Forming pile caps for Core 1 and the substation base
- Excavating crane base prior to casting
- Setting out and installing below ground drainage
- Preparation for moving the hoarding to install external drainage

We are also planning to erect the tower crane at the end of this month.

**Please note that the groundworks may be noisy, however we will implement noise reduction measures wherever possible.**

If you have any queries about the works being

undertaken, please contact your Resident Liaison Officer (RLO), Amina Mabifa on **07584 114 373**.

## In Your Community:

On 28th June, our site team met with residents to share breakfast whilst discussing the ongoing works at Meeting House Lane.

On 5th July, children from the Nell Gwynn Nursery School visited our site to get a better understanding of the works we are carrying out. They were given an important lesson on safety.

## Protect yourself against bogus callers

To help protect you against bogus callers, ENGIE take a number of precautions including the following;

- Genuine operatives will have an official ENGIE ID badge with a full face photo
- Our operatives wear numbered Hi-Vis jackets
- You can contact your RLO if you doubt the identity of any operative is genuine
- ENGIE do not usually work outside the hours of 8am to 5pm from Monday to Friday or work on weekends. If you see an operative on site outside these hours report it to the Police by calling 101.

If someone can't produce an ID card on request, contact us straight away or call the Police on **101**.
