
Residents' Update

for Meeting House Lane New Build

Issue #06
June 2019

Welcome to your latest newsletter.

ENGIE is working in partnership with Southwark Council to build new council homes at Meeting House Lane. The project is due to complete in April 2020.

Works update

We have now completed the first phase of the piling works for the new foundations. We have also completed the retaining wall for the new substation. We are currently doing groundworks in preparation for the installation of the drainage system and the new build structure.

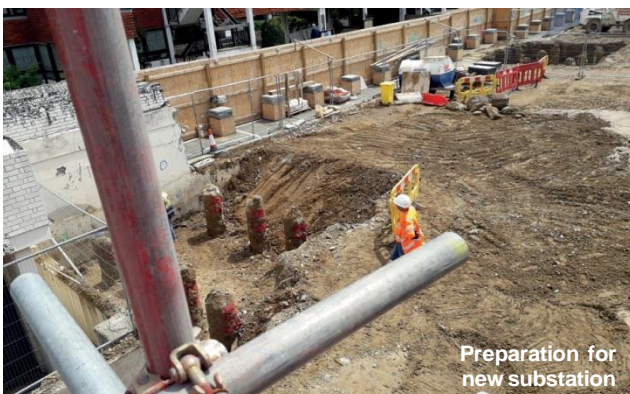

Please note that the groundworks may be noisy although we will implement noise reduction measures wherever possible.

If you have any queries about the works being undertaken, please contact your Resident Liaison Officer (RLO), Amina Mabifa on 07584 114 373.

Our next coffee morning will be held between 11am-1pm on Friday 28th June.

Come and join us at our site office for a coffee and a chat!

Protect yourself against bogus callers

To help protect you against bogus callers, ENGIE take a number of precautions including the following;

- Genuine operatives will have an official ENGIE ID badge with a full face photo
- Our operatives wear numbered Hi-Vis jackets
- You can contact your RLO if you doubt the identity of any operative is genuine
- ENGIE do not usually work outside the hours of 8am to 5pm from Monday to Friday or work on weekends. If you see an operative on site outside these hours report it to the Police by calling 101.

If someone can't produce an ID card on request, contact us straight away or call the Police on **101**.

In Your Community: Local nursery receives plant donation to help reduce air pollution.

When our Community Impact Manager, Patrick Warren, visited the Nell Gwynn Nursery, they asked if we could support them in their goal to reduce pollution levels in their school.

We have donated a large selection of house plants that are good for reducing pollution levels in the air. We have also donated two fruit trees to be planted in the school garden.

We will be keeping in touch with the nursery to see how we can help in any future initiatives that benefit the local community.

Your ENGIE site team

If you have a query or would like to report an emergency during our working hours of Mon-Fri 8am-5pm please contact your RLO.

Alternatively our office number is 0207 523 5201.

If calling out of hours, at the weekend or to report an emergency, please call 01 133 660 857.
