# Residents' Update

## for Meeting House Lane New Build

Issue #05  
April 2019

---

### Welcome to your latest newsletter.

ENGIE is working in partnership with Southwark Council to build new council homes at Meeting House Lane. The project is due to complete in April 2020.

#### Works update

Demolition of the existing structure is now complete and scaffold gantry for welfare has now been erected.

Enabling works for construction has started. We are also building a retaining wall before moving the substation and we have encountered some drainage issues which are currently being resolved.

Permanent welfare facilities will be arriving on site soon and piling works will be ongoing as part of the new foundation. Please note: Piling works may be noisy, however we will implement noise reduction methods where possible.

Temporary double yellow lines have been painted from the doctors' surgery to 100 Meeting House Lane. A new pelican crossing has been painted on the road around Klean Kuts barbers.

If you have any queries about the works being undertaken, please contact your Resident Liaison Officer (RLO), Amina Mabifa on 07584 114 373.

---

### In your community

ENGIE will be supplying the local Nell Gwynn Nursery School with Hi-viz vests, outdoor clothing and wellies for forest school, a number of plants and greenery as well as other materials such as pens.

## Protect yourself against bogus callers

To help protect you against bogus callers, ENGIE take a number of precautions including the following;

- Genuine operatives will have an official ENGIE ID badge with a full face photo
- Our operatives wear numbered Hi-Vis jackets
- You can contact your RLO if you doubt the identity of any operative is genuine
- ENGIE do not usually work outside the hours of 8am to 5pm from Monday to Friday or work on weekends. If you see an operative on site outside these hours report it to the Police by calling 101.

If someone can't produce an ID card on request, contact us straight away or call the Police on **101**.
