Issue #03  
February 2019

---

### Welcome to your latest newsletter.

ENGIE is working in partnership with Southwark Council to build new council homes at Meeting House Lane. The project is due to complete in April 2020.

The project involves the demolition of the Acorn Neighbourhood Office at 95a Meeting House Lane and the construction of 29 flats and a community hall. There will be three wheelchair flats and all flats will be for council rent.

### Works update

Demolition of the existing structure began on 18th February and is currently ongoing.

The Meeting House Lane section of the hoarding has now been erected and the section of footpath that runs along the site has been closed.

Temporary double yellow lines have been painted from the doctors' surgery to 100 Meeting House Lane. A new pelican crossing will be painted on the road around Klean Kuts barbers.

If you have any queries about the works being undertaken, please contact your Resident Liaison Officer (RLO), Amina Mabifa on 07584 114 373.
