

Meeting House Lane

September 2020 | Issue 16

Residents' Newsletter

Welcome to your latest newsletter

ENGIE is working in partnership with Southwark Council to build new council homes at Meeting House Lane.

Strong foundations laid...

Under Phase 2 of our works we have poured the ground floor and first floor concrete slab and are currently pouring the slab for the second floor.

We are currently continuing with brickwork to the external structure and have started installing the balcony doors.

To ensure we mitigate some of the delay caused by the COVID-19 lockdown and the need to maintain social distancing on site, we have been granted extended working hours **(8am - 7pm, Monday to Friday and 8am - 5pm, Saturdays)** by Southwark Council's Environmental Protection Team.

We will only carry out works in the extended period when it is critically required and benefits the completion of the development.

We will try to minimise noise during late working periods and substitute percussive tools for quieter alternatives. If at any time this becomes an issue for you please let us know as soon as possible. Alternatively you can also contact Southwark Council's Noise & Nuisance Team on **0207 525 5777**.

Contact Us...

If you have a query about the works being undertaken or would like to report an emergency during our working hours **(Monday-Friday, 8am-5pm)** please contact the ENGIE Site Team as detailed below.

If you need to report an emergency out of hours, or at the weekend, please call us on **0333 121 0067**.

ENGIE donates 'Back2School' packs

To help ensure local children from the estate were prepared for their return to school, ENGIE donated 100 'Back2School' packs which included a variety of equipment and goodies.

Mayor Rhule visited on 27th August to help give out the packs.

Closure of Meeting House Lane

Further to the letter we sent you regarding the closure of Meeting House Lane, we will be closing the road from 136 Meeting House Lane to the junction of Goldsmith Road on 8th October 2020 between 7am and 5pm. Traffic will be diverted accordingly.

This is to allow for the removal of welfare cabins currently on site.

Please be advised that depending on weather, this date may be pushed back but rest assured that you will be notified as soon as possible should this be the case.

We apologise for any inconvenience caused. If you have any questions, please contact Amina Mabifa on 07584 114 373.

Exact location of road closure

ENGIE is a multi-award winning **considerate constructor** and we pride ourselves on being an Associate Member of the Considerate Constructors Scheme (CCS) which helps to improve the image of the construction industry.

As part of our ongoing commitment to the objectives of the CCS **we ensure the highest levels of safety are maintained across our sites.** We therefore ask that you explain to your children how construction sites can be dangerous and should not be played on at any time.
