# Residents' Update

## for Meeting House Lane New Build

Issue #11  
November 2019

---

### Welcome to your latest newsletter.

ENGIE is working in partnership with Southwark Council to build new council homes at Meeting House Lane. The project is due to complete in 2020.

#### Works update

We are currently constructing the concrete floors and columns of the new structure. Our current progress is as follows;

- Phase 1 of the concrete slab is complete on the ground, first and second floors
- The external frame of the new structure is now up to level four
- Drainage works are ongoing

If you have any queries about the works being undertaken, please contact Assistant Site Manager, Amina Mabifa on **07584 114 373**.

---

### First hand work experience

Local resident, Naomi recently completed a six-week work experience placement with the ENGIE team at Meeting House Lane.

During her time on site, Brendan and Amina showed her a variety of activities regularly undertaken on site and took her to many contract meetings.

We hope Naomi enjoyed her time with us and learnt some valuable skills that can help her gain employment within the construction industry. Good Luck from everyone at the Meeting House Lane scheme.

## In Your Community:

On 28th October, ENGIE's Community Impact Manager, Patrick Warren, held a free pumpkin carving event for local residents.

Residents and children made their own pumpkin designs for ENGIE staff to carve out for them.

Everyone who attended was able to take their free carved pumpkin home along with a candle to help illuminate their scary designs.

## Your ENGIE site team

If you have a query or would like to report an emergency during our working hours of Mon-Fri 8am-5pm please contact your site team.

Alternatively our office number is **0207 523 5201**.

If calling out of hours, at the weekend or to report an emergency, please call **0333 121 0067**.
