New Homes Design

If residents vote YES in the upcoming ballot, works will have to start on demolishing Bromyard House and rebuilding the replacement homes by September 2022, so that the council can claim £27m towards the cost of the replacement homes and the new council homes that would be built.

Therefore, ahead of the ballot, residents on the Ledbury Resident Project Group have been working with officers from the council on the appointment of architects to design the new homes if there is a YES vote.

The interview panel will include three or four resident representatives with Neal Purvis from Open Communities as an observer.

The architects will be invited to tender on Tuesday 16 February, 2021 and they will have four weeks to respond, so that the interviews can be held without delay if there is a YES vote in the Residents' Ballot.

Ledbury Towers Ballot

Every permanent tenant, leaseholder and former tenant with a right to return, should have now received the Landlord Offer document, pictured below.

The Residents' Ballot will be organised by Open Communities and will be held between Wednesday 3 March, 2021 and Friday 26 March, 2021 and you will receive the ballot paper by the start of the vote.

The Landlord Offer document is Southwark Council's offer to you and is designed to contain the information you need to make an informed decision about whether you are in favour of the redevelopment of the Ledbury Towers or not.

As a reminder, the proposal is the demolition of the four towers and replacement with new homes. In the ballot you will be asked to vote

yes or no to the following question:

Are you in favour of the proposal for the re-development of the towers on the Ledbury Estate?

Under the proposal there are three alternative versions whereby all the towers will be demolished in phases, starting with Bromyard House first and replaced with up to 333 homes. If residents vote yes in the Residents' Ballot, further consultation will take place on which version is taken forward.

The new homes will be built in two phases and the first phase will take around two years to build.

If you need advice on the Landlord Offer document you can contact Neal Purvis, or the rest of the Open Communities team, on **0800 073 1051**.

Another London Fire Brigade exercise at Bromyard House

This week White Watch from the Old Kent Road Fire Station have used Bromyard House for a training exercise.

Whilst the block is empty, Southwark Council is happy for LFB to continue use the tower for testing equipment and for practise exercises.

Old Kent Road Area Action Plan

The Old Kent Road Area Action Plan (AAP) is an innovative plan for regeneration and development in the Old Kent Road Opportunity Area.

The plan sets out an ambitious growth strategy for Old Kent Road and the surrounding area which was designated as an opportunity area by the London Plan in 2015. Over the next 20 years the opportunity area will be transformed, including the provision of new underground stations as part of the Bakerloo Line Extension, 20,000 new homes, including 7,000 affordable homes (including 5,000 social rented homes) and 10,000 additional jobs.

The AAP embeds the council's commitment to ensure that the plan has a people focus to put local residents, communities and others at the heart of the regeneration.

The AAP is planned to be family friendly, with a strong commitment to improving the area for families and young people. It contains a strong commitment to tackling the climate emergency including achieving a net carbon zero AAP by 2030. Old Kent Road itself will be improved with a strategy for healthy streets, including safer crossing points, segregated bus lanes and cycle lanes and more tree planting.

The plan proposes a new masterplan for 18 key strategic development sites in five distinct sub areas. The plan is designed to integrate new and existing communities to deliver facilities, services, open spaces, housing, and employment that all local residents can benefit from.

Since the council consulted on the draft Old Kent Road AAP in December 2017, we have approved close to 9,000 additional homes. We have 7 schemes and 640 homes on site at the moment, and approximately 160 homes completed.

However there is still scope to influence and direct development, so we welcome your comments on the latest draft AAP.

The Old Kent Road AAP has been through a number of consultations, and the current version of the plan is the December 2020 draft. Consultation on this version will commence on 11 January and close on 5 April 2021.

Further information can be found at oldkentroad.org.uk. If you have any questions on this draft, email planningpolicy@southwark.gov.uk.

Help us Keep Southwark Safe

If you think you **have** any of the COVID-19 symptoms you and anyone living with you should self isolate immediately and book a test by calling 119 or visiting www.nhs.uk/coronavirus.

Symptoms include:

- A high temperature
- A new, continuous cough
- A loss or change to your sense of taste or smell

If you have symptoms you and anyone you live with **must** stay at home and self-isolate until you get your results. It is now a legal

requirement to self-isolate if you've had a positive test or if you've been told to self-isolate by the national test and trace service.

If you think self-isolating could be difficult for any reason support is available. Visit the council's website for more information www.southwark.gov.uk/coronavirus.

Local Police sessions

PC Imogen Thomas and PCSO Felix Adeyanju make up the local Old Kent Road Ward Police team. Their weekly drop-in sessions at the Ledbury TRA Hall are suspended for now.

They have requested that any crime must be reported if it is an emergency to **999**, and for non-emergencies to **101**.

The team can also be contacted by emailing oldkentroad.snt@met.police.uk or by telephone on **020 8721 2436**, or they can be tweeted at [@MPSOldkentRoad](https://twitter.com/MPSOldkentRoad)

Keep your distance within the towers!

Please keep to the following rules when using the shared areas in the towers:

- Only one family should be in a lift at one time, so if you call the lift and someone is in it, do not get in. Wait for the lift to come to your floor again
- Keep behind the taped area in the lobby to remain two metres from the wardens
- When using the stairs if you hear

someone else do not pass by them on the stairs, use the door to the landings to allow them to pass by to keep two metres from them.

Whilst we appreciate this may be frustrating for some residents it is for the safety and wellbeing of everyone and it is important to keep down the spread of the virus, support our NHS and save lives.

Housing update

All residents in the tower blocks will have to leave their homes for a period while work is carried out, regardless of which future option is agreed upon. All permanent tenants will have the right to return to the estate.

Please note that properties are not allocated according to the time you bid. They are allocated by our colleagues in the allocations team according to Southwark Council's lettings policies.

Ledbury Towers permanent tenants are in Band One, and the properties are allocated by how many stars each applicant has, then by application date and finally by your tenancy date.

If you need help with bidding or you think your application can attract stars because you or someone else in your household is working or carrying out voluntary work for more than 16 hours a week, do not forget to come in and see the Ledbury Team for help.

We have 182 permanent empty homes as many tenanted households have moved into new homes, and 15 leaseholders sold their properties back to the council. Of course those tenants who have moved retain the right to return.

There have been 202 properties refused by tenants who have had a viewing of a new home. Many of these have already received further offers and have already moved into their

new homes. No permanent tenant from the Ledbury Towers is suspended from bidding if a property is refused.

Warning about bottled gas

It remains vitally important residents do not bring any bottled gas or gas appliances into the tower blocks; we have been advised that the buildings will not withstand the force of a gas explosion.

Fire wardens will also be monitoring to check that no gas canisters are brought into the buildings.

Reminder on oxygen cylinders

One of the issues that could jeopardise safety is the use of oxygen cylinders in the blocks. This means that no visitors to the blocks will be able to come in if they require an oxygen cylinder.

From the home visits we have carried out it is clear that, at present, no current resident has the need to use an oxygen cylinder.

However no one knows what their health will be in the future. If an issue arises with your health that means that you will need to have use of an oxygen cylinder, please speak to your doctor and then let your Resident Service Officer (whose contact details are in this newsletter) know immediately so we can work with you to ensure your health needs are catered for.

Non-resident leaseholders are being asked to make sure their tenants in the block are also aware of this issue.
