

Rye Hill Park New Build

November 2020 | Issue 2

Residents' Newsletter

Welcome to your latest newsletter

ENGIE is working in partnership with Southwark Council to build new council homes at Rye Hill Park. The project is due to complete in 2022.

Project update

We are now pleased to inform you that following planning approvals, we are now able to start works to allow construction to begin on site.

This month we will be pruning and removing a number of trees that are in the footprint of the new buildings. These works have been agreed with Southwark Council and will be carried out by a qualified arborist and tree surgeon. The large Plane tree in the centre of the site is to remain and so will be pruned. Replacement trees will be planted when the scheme is completed.

We will also begin the demolition of the garages and the construction of a vehicle crossover which will allow access into the upper part of the site this month.

Contact Us...

If you have a query about the works being undertaken or would like to report an emergency during our working hours (**Monday-Friday 8am-5pm**) please contact the ENGIE Site Manager, Wayne Knight.

Alternatively, our main office number is **0207 523 5201**.

If you need to report an emergency out of hours, or at the weekend, please call us on **0333 121 0067**.

All ENGIE staff/operatives will be wearing branded and numbered hi-viz vests and official ENGIE ID badges.

Site Manager, Wayne Knight

Following these works we will start the task of excavating the ground to get to the correct level so we can start constructing the foundations of the two new blocks from December.

Site Manager, Wayne Knight, will be on site throughout the works to ensure all operations are carried out safely and efficiently.

We are very grateful for your cooperation.

If you have any queries regarding the works being undertaken, please contact the Site Manager on **07785 236 232**.

ENGIE is a considerate constructor

We pride ourselves on being an Associate Member of the Considerate Constructors Scheme (CCS) which helps to improve the image of the construction industry.

All our sites are continuously reviewed by the CCS to monitor how respectful and responsible we are within the communities where we undertake works.

As part of our ongoing commitment to the objectives of the CCS we ensure the highest levels of safety are maintained across our sites. We therefore ask that you explain to your children how dangerous construction sites can be and should not be played on at any time.
