

ROCHESTER ESTATE PROJECT GROUP

Project Group invitation

We are committed to building 11,000 new council homes by 2043 to meet the increasing housing need in our borough.

We are exploring the potential to build new homes on the Rochester Estate car park and we are now setting up a Project Group. The group will be made up of about nine local residents who will work closely with the council and its design team to develop the plans for new homes.

What is involved in being a Project Group member?

By being involved you will:

- Have a genuine say in how the new homes will develop
- Influence how the new development fits in with the existing estate
- Get involved in your local community and meet new people
- Learn about architecture, design and the planning policy process.

How will the meetings take place?

For the foreseeable future we are adapting the way we consult to remove unnecessary social contact and reduce transmission of COVID-19. We will agree you the best alternatives to face-to-face meetings.

How to register my interest?

Please contact the Project Officer on the details provided below no later than 20th of April 2021
