Dear Resident

Southern Gas Network works

The Ledbury Team has been advised that next week Southern Gas Network (SGN - the statutory gas suppliers) will shortly be starting works on site to complete their checks on the redundant gas risers.

We are speaking to SGN to establish what the works will require and if they will need access to people's flats.

Both the council and SGN will continue to keep you updated as the works progress.

Kind regards,

Mike Tyrrell
Director of the Ledbury Estate
