Southwark Council (“the council”) adopted its cemetery strategy, in 2012, which sets out the council’s commitment to local burial in the borough. As part of this strategy, the council intends to develop an area of land in Camberwell Old Cemetery to make it more suitable for burial use. Southwark’s Cemetery Strategy can be viewed in its entirety online (www.southwark.gov.uk/cemeteriesplans). Planning permission was granted for this development in Oct 2015, details can be viewed online (http://planbuild.southwark.gov.uk:8190/online-applications/applicationDetails.do?activeTab=summary&keyVal=STHWR_DCAPR_9561891). The council also made a petition to the Consistory Court as part of the works will be on consecrated land. A faculty was issued by the court on 21 February 2017. Now that both planning & faculty permissions have been granted, memorials listed below will need to be removed.
