

Phoenix Compliancy Management

working in conjunction with

London Borough of Southwark

Southwark Council have appointed PCM (Phoenix Compliancy Management) to carry out quality control checks for the gas servicing, repair, installation and replacement of gas boilers and heating systems across the borough.

WHY:

- To ensure your safety and the contractor has carried out the work to a satisfactory standard
- Demonstrate value for money
- Ensure compliance

What will they do:

- Make an appointment to visit your home
- Carry out some tests to verify contractors results
- Spend up 30 minutes in your home
- Check the works were completed satisfactorily

All our inspectors carry their GasSafe cards and an ID card.

We understand and appreciate your time is important and will keep this to minimum where possible but would appreciate you allowing us to complete this check in order to help improve the service.
