# Statement of reasons

## Lafone Street improvements

*The London Borough of Southwark (Prescribed route) (Lafone Street) (No. \*) Traffic Order 201\**

### Lafone Street (North Bermondsey ward)

It is recommended to relocate south-westward, by 29 metres, an existing lockable fire-gate in Lafone Street that is currently located between Shad Thames and Gainsford Street, in the London Borough of Southwark.

The proposed new location of the barrier will improve the road layout by enhancing the safety of the residential and business entrances; as well as the safety of pedestrians and cyclists. The new barrier location will not affect the current restrictions in place; it will just amend the distance of the restriction.

Access to the residential and commercial properties in the area will be maintained, as well as the current restrictions; to prohibit motor vehicle access to a pedestrian and cycle area within Lafone Street during its timed road closure, allowing exempted vehicles to be able to access the area in the case of an emergency or maintenance.
